

# OSG acquires longtime Spanish partner, Vental

Daniel Cohen, CEO of OSG, a world leader in smart glazing solutions, is proud to announce the company's acquisition of Manufacturas Vental S.A. ([www.vental.es](http://www.vental.es)), Spanish designers and manufacturers of **windows and other advanced aluminum systems for railway, automotive and marine applications**, headed by CEO Carlos Maiso.

Longtime partners, OSG and Vental mutually benefit from the acquisition and are excited to embark upon future developments together: OSG will now be able to expand its reach and services into the European market, while Vental, still under the same management, will be able to offer their customers **complete glazing solutions** and enjoy faster, more seamless and uninterrupted product manufacturing processes. Vental customers can expect the same **great products and services**, elevated by OSG's cutting-edge experience and expertise.
